

***Drosophila buzzatii* Genome Project – Consortium members (as of May 1, 2013)**

Name	Institution	Analysis	Collaboration
Alfredo Ruiz	Univ. Autònoma de Barcelona	Project Coordinator	
Yolanda Guillén	Univ. Autònoma de Barcelona	Genome assembly and gene annotation.	Sonia Casillas, Servei de Genòmica i Bioinformàtica (UAB). Valentí Moncunill and David Torrents, Barcelona Supercomputing Center.
Yolanda Guillén	Univ. Autònoma de Barcelona	Evolution of protein-coding genes	
Yolanda Guillén	Univ. Autònoma de Barcelona	<i>D. buzzatii</i> developmental transcriptome	Andy Clark, Cornell University, Ithaca (NY). Marta Puig, Univ. Autònoma de Barcelona.
Nuria Rius	Univ. Autònoma de Barcelona	TE annotation, classification and evolution	Cedric Feschotte, Texas University, Arlington.
Alejandra Delprat	Univ. Autònoma de Barcelona	Assignment of scaffolds to chromosomes. Inversions	
Miquel Ramia and Antonio Barbadilla	Univ. Autònoma de Barcelona	Genome Browser	
Raquel Egea and Antonio Barbadilla	Servei de Genòmica i Bioinformàtica (UAB)	Project Webpage	
Esther Betrán	Texas University, Arlington	Origin and evolution of retrogenes	
Gustavo Kuhn	Universidade Federal de Minas Gerais, Belo Horizonte	Heterochromatin	
Horacio Naveira	Universidade da Coruña	Speciation genes	
Ary Hoffmann	The University of Melbourne	Climate adaptation genes	
Diego de Panis and Esteban Hasson	Universidad de Buenos Aires	Comparative transcriptome analysis of <i>D. buzzatii</i> and <i>D. koepferae</i>	
Stuart Barker	University of New England	Evolution of $\alpha$ -Esterase genes
